

Ultimate Thumb Stabiliser

Designed for use on soft tissue injuries, ligament strains, gamekeeper's thumb, osteoarthritis, and degenerative joint disease

ULTIMATE

With a long thumb strap that can be fastened around the top or base of the thumb for additional joint stability.

Lined with breathable fabric which moves moisture away from your skin keeping you cool and comfortable.

The strong removable splint provides firm support and stability to help ease pressure on the injured joint.

Adjustable tabs and wraparound tension straps allow for a custom fit and secure design.

The Ultimate Support Range uses AIRFLEX Technology to facilitate faster recovery thanks to its therapeutic properties. AIRFLEX is an ultimate breathable material that provides the optimal level of compression and heat retention to help improve blood circulation and reduce pain.

Product Code: **PX307**
One Size, Fits Left or Right
