

Ultimate Back Brace

Ultimate support for back injuries like strains, moderate disc and arthritic conditions

ULTIMATE

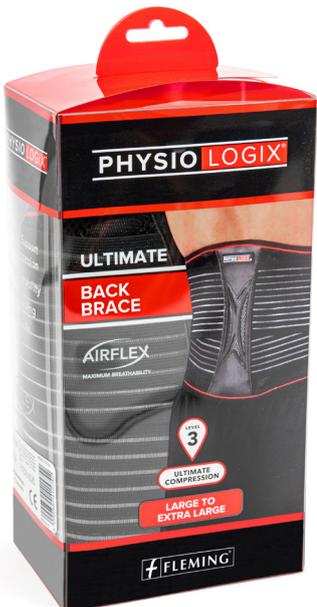

Structured rod system and high tension straps ensure maximum support and stability.

Lightweight, structured back support recommended for back strains and sprains, moderate disc, arthritic conditions, sciatica and muscle spasms.

Lined with breathable fabric which moves moisture away from your skin keeping you cool and comfortable.

The Ultimate Support Range uses AIRFLEX Technology to facilitate faster recovery thanks to its therapeutic properties. AIRFLEX is an ultimate breathable material that provides the optimal level of compression and heat retention to help improve blood circulation and reduce pain.
