The Medicare LifeSense® Bluetooth Pulse Oximeter is an easy to use, non-invasive and completely painless test which gives quick and accurate results within 10 seconds. The purpose of our Bluetooth Pulse Oximeter is to measure SpO2 levels. The Bluetooth feature allows you to link the device to our Medicare LifeSense® App.

FEATURES

- Measures oxygen saturation (SpO2) and pulse rate (PR).
- See and hear heartbeat.
- Adjustable screen brightness.
- Rotatable screen with 4 direction display.
- Alarm alert function.
- Auto power off.

DIRECTIONS:

Place finger in oximeter and press the button.
The pulse results should appear within 10 seconds.

RECOMMENDED USE:

To assist with the management of conditions such as COPD, Asthma, Pneumonia, Anaemia and Congenital Heart Defects. Can also be used by athletes to monitor oxygen levels during workouts.
